## Short Description

You can purchase the Neck Weight Pad with all the weights included.

- 1 Neck Weight Pad
- 4 Rope stabilizers
- Monkey Strap
- 4x steel weights 1.1kg each
- 2x steel weight 500grams each
- Guidelines for a 12-week strength training program

## Description

The Neck Weight Pad comes with all the weights included as well as the accessories.

You can strengthen your horse following the APR Strength Training System without the weight boots.

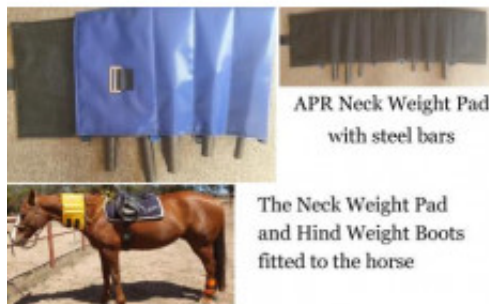

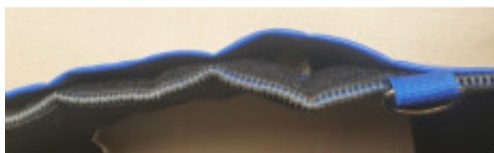

The best results come with training the whole biomechanical system by applying the weights to the whole body (Neck and Hind legs) and all the moving parts.

The Interval training program is the same as with wearing the boots.

You can download the program once payment is complete.

Stay in touch and ask any questions as needed.
